Unlock Strategic Insights with the 2025 Pulp, Paper & Paper Products Reviews

Your essential guide to navigating Australasia's pulp, paper, and packaging markets

IndustryEdge is proud to present the **34th annual edition** of the *Pulp, Paper & Paper Products Strategic Reviews*—the most comprehensive and trusted resource for data-driven decision-making in the Australian and New Zealand markets. Subscriptions are now available for the 2025 edition, with delivery due mid-October. Subscribe before the end of September 2025 for a 10% discount.

Whether you're a manufacturer, distributor, or industry analyst, these reviews offer **unmatched intelligence** on production, trade, consumption, and demand trends across the past decade and into 2025.

 What's Inside?

- Detailed analysis of manufacturing, imports, exports, and distribution
- Insights into major end-use markets across Australia and New Zealand
- Hundreds of tables, graphs, and supply chain diagrams
- Easy-to-use spreadsheet formats for data tables

 Explore Four Strategic Reviews Tailored to Your Needs:

- **Pulp & Recovered Fibre Markets**
- **Printing & Communication Paper Markets**
- **Packaging & Industrial Paper Markets**
- **Tissue & Tissue Product Markets**

Each review includes the **2025 Pulp & Paper Industry Guide**, which offers a macro-level view of the industry, demand-supply balancing, and scenario-based forecasts through to 2029.

 Forecasting the Future Dive deep into demand drivers like:

- Global supply chain disruptions
- Sustainability and circularity in fibre packaging
- Shifts in media consumption and advertising
- Economic and demographic trends
